

# **BOESKY x MCQ presents *HAAS VEGAS!***

**February 16 – March 25, 2022 at Juhl in Downtown Las Vegas**

**Las Vegas, Nev. (Jan. 24, 2022)** --- Michele C. Quinn of **MCQ FINE ART** is proud to announce a collaboration with **Marianne Boesky Gallery, NY** for a pop-up exhibition of the **HAAS BROTHERS**, entitled ***HAAS VEGAS!*** - an immersive exhibition of fine art and design objects from the Texas born /Los Angeles based twin brothers, Nikolai and Simon Haas, (b.1984).

From their beginnings as furniture designers, the Haas Brothers eclectic use of design and materials has spurned arbitrary artistic boundaries and hierarchies, creating a playful and provocative world that merges art, fashion, film, music, and design. Their work explores aesthetic themes related to nature, science fiction, sexuality, and psychedelia in materials that range from brass, porcelain, and fur to highly technical resins and polyurethane. Individual figures come to life with their playful personalities and energetic presence. Through their unique vision and creative balance, the brothers have tapped into the subconscious between animation and traditional sculpture with a unique language like no other.

This pop-up collaboration between MCQ Fine Art and Marianne Boesky Gallery began in October 2021 with a New York City lunch conversation about how to work together to bring more of Boesky Gallery's incredible roster of artists to Las Vegas.

Quinn is thrilled to work with Boesky, a powerhouse woman in the art world, to present this incredible exhibition at the Juhl live/work loft space – The Studio Collection - in Downtown Las Vegas just minutes from the Arts District and in an area of the city where creativity is fostered and supported. The gallery is open to the public Thursday through Saturday for the duration of the exhibition, and also by appointment.
